Subject: Re: RCMP information

Hi Debra,
Thank you for taking my call.
As directed by the Surrey RCMP, under the Emergencies Act, Personal Info. will comply with such direction to remove vehicles as needed.
As discussed, I have concerns about the safety of my staff as this is a volatile situation. Last weekend, both my tow truck operator and my office staff experienced abusive behaviour and threats from the "Freedom Blockade" at the 176 Border. Should my company's towing services be required by the Surrey RCMP, I respectfully ask that the following be considered:
Have officers on scene protecting my drivers and my equipments well being.
Have officers at my towing facility at Personal Info. protecting my office staff and ensuring tow trucks and customers have access in and out of the tow yard from potential abuse and harassment.
Have my trucks staged close to the border, but away from the blockade.
A place to tow the offending vehicles to. I can tow vehicles to our secure indoor towing facility as directed if they are of a sensitive/criminal nature.
A 24/7 contact number in case of any incidents.
Please see the attached news article outlining the towing industry's concerns in this situation:

<https://globalnews.ca/news/8625386/canada-convoy-blockades-towing-companies/>

We, Personal Info. will comply with our obligations under our contract with the City of Surrey. I only ask that you appreciate my concern for my staff's and customer's safety

Regards,

Personal
